FM Broadcast Stations	)	
(Pahrump, Nevada)	)	

To: Chief, Allocations Branch  
Policy and Rules Division  
Media Bureau

**COMMENTS ON PROPOSED RULE MAKING**

These comments are filed in support of the Notice of Proposed Rule Making, MB Docket No. 04-224, RM-10853, RM-10854, by SSR Communications Incorporated ("SSR"), the petitioner which had requested the addition of FM Channel 272C3 at Pahrump, Nevada.

SSR believes that the so-called "Option 2" is preferred for Pahrump over "Option 1," filed by Mr. Steven M. Greely. SSR respects Mr. Greely's wishes to upgrade his facilities to a Class C signal, but SSR's proposal provides new FM service to Pahrump without depriving Lake Havasu City, Arizona of its Class B/C2 facility.

In order to allow Lake Havasu City to retain some sort of Class C2 or B facility, SSR took it upon itself to do a quick channel search of the area to see if an alternate channel were available to replace the proposed deleted FM Channel 272B/C2. SSR also did a channel search to see if an alternate C3 channel were available at Pahrump to allow Mr. Greely to go ahead with his plans and simultaneously allow SSR the opportunity to apply for a Class C3 station at that city. SSR was unable to find equivalent facilities at

either location. Therefore, SSR respectfully requests that the Commission grant its petition to place FM Channel 272C3 at Pahrump, in lieu of Mr. Greely's proposed changes to bring FM Channel 272C.

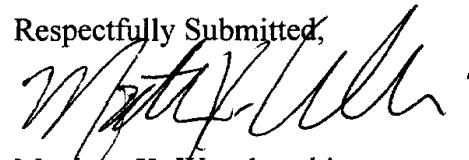

SSR reiterates the intent that it will file an application for a Construction Permit to operate a new FM commercial broadcast station at Pahrump, Nevada on Channel 272C3 as soon as it is able to do so. SSR would promptly construct the station should the Commission grant its application.

SSR Communications Incorporated respectfully requests that the Commission adopt the proposed Channel 272C3 to Pahrump, Nevada.

Date: July 14, 2004
